² Figures have been rounded; some sums may differ due to rounding.

³ Funds will not make distributions from capital gains while a capital loss carryforward remains. Capital loss carryforwards were sufficient to offset any realized gains from the portfolio. For the most recent published information about capital loss carryforwards, please see the funds' financials posted at capitalgroup.com/ca.

⁴ US\$ units are not available for this portfolio.

⁵ Effective May 31, 2021, upon completion of the deferred sales charge schedule, all remaining Series B units were automatically changed to Series A units of the fund.

⁶ US\$ units are not available for this series.

⁷ Represents cumulative income distributions paid in 2021.

⁸ Figures do not include monthly return of capital distribution payments.

Commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated.

The payment of distributions should not be confused with a fund's performance, rate of return or yield.

Distributions paid as a result of capital gains realized by a fund and income and dividends earned by a fund are taxable in your hands in the year they are paid.
