Investments are not FDIC-insured, nor are they deposits of or guaranteed by a bank or any other entity, so they may lose value.
Investors should carefully consider investment objectives, risks, charges and expenses. This and other important information is contained in the fund prospectuses and summary prospectuses, which can be obtained from a financial professional and should be read carefully before investing.
This material must be preceded or accompanied by a prospectus or summary prospectus for the fund(s) being offered.
Investing outside the United States involves risks, such as currency fluctuations, periods of illiquidity and price volatility. These risks may be heightened in connection with investments in developing countries.
The return of principal for bond portfolios and for portfolios with significant underlying bond holdings is not guaranteed. Investments are subject to the same interest rate, inflation and credit risks associated with the underlying bond holdings. Lower rated bonds are subject to greater fluctuations in value and risk of loss of income and principal than higher rated bonds.
Allocations may not achieve investment objectives. There are expenses associated with the underlying funds in addition to portfolio expenses. The portfolios’ risks are directly related to the risks of the underlying funds.
There may have been periods when the results lagged the index(es). Certain market indexes are unmanaged and, therefore, have no expenses.
Investors cannot invest directly in an index. All Capital Group trademarks mentioned are owned by The Capital Group Companies, Inc., an affiliated company or fund. All other company and product names mentioned are the property of their respective companies.
Investment results assume all distributions are reinvested and reflect applicable fees and expenses. Returns for one year or less are not annualized, but calculated as cumulative total returns.
When applicable, investment results reflect fee waivers and/or expense reimbursements, without which results would have been lower. For more information on fee waivers and expense reimbursements, visit capitalgroup.com.

### American Funds Portfolio Series™

**Objective-based**: Aligned with three broad objectives — preservation, balance and appreciation — the funds offer a structured approach with broad diversification.

**Flexible**: Designed to help investors pursue a wide range of needs and goals, the funds can be used in combination within an objective-based framework or individually, based on an investor’s time frame, risk tolerance and other factors.

**Trusted**: Each fund of funds represents a blend of individual American Funds with a proven track record and investment management process.

**Actively monitored**: An oversight committee meets regularly to review the funds’ results to keep holdings aligned with fund objectives. The committee will also determine whether the funds need to be rebalanced.

---

1. Expense ratios for funds of funds are as of the most recent prospectus available at the time of publication, and include the weighted average expenses of the underlying funds.
2. The portfolio managers shown are as of the fund’s most recent prospectus dated 01/01/2020.
3. The Portfolio Series funds are monitored; allocations and funds may change.
4. Allocation percentages and underlying funds are subject to the oversight committee’s discretion and will evolve over time. Underlying funds may be added or removed at any time.
5. YTD (year-to-date return): the net change in the value of the portfolio (in percentage terms) from January 1 of the current year to the date shown above.
6. Results for certain funds with an inception date after the share class inception also include hypothetical returns because those funds’ shares sold after the funds’ date of first offering.
7. Totals may not reconcile due to rounding.
8. Figures are based on holdings of the underlying funds, if applicable, as of date shown.
Cash and equivalents includes short-term securities, accrued income and other assets less liabilities. It may also include investments in money market or similar funds managed by the investment adviser or its affiliates that are not offered to the public.

Unlike average maturity, average life includes the impact of callable bonds.
